**Connexall Named Category Leader in  
2018 Best in KLAS Awards: Software & Services  
for Alarm Management**  
*Ranked Number One Nationwide*

Boulder, CO and Toronto, ON (January 30, 2018). Connexall, the industry leader in alarm management and event notification, is pleased to announce that it has been named Category Leader in the 2018 *Best in KLAS: Software & Services Awards* for Alarm Management, ranking Number One in the market segment. Connexall was also named Category Leader in the same segment of the 2015/2016 and 2017 Best in KLAS awards. Additionally, in 2014 and 2016, Connexall was named Top Performer in the respective years Alarm Management Reports.

As the 2018 Category Leader, Connexall had an overall performance score of 91.2 out of 100- the highest score among KLAS-rated vendors in Alarm Management. KLAS asked providers to rate several areas in the category of Alarm Management including: sales and contracting, implementation and training, functionality and upgrades, service and support, and general. Connexall ranked highest in all of these areas.

The 2018 Best in KLAS report is published by KLAS, an independent healthcare research firm focused on investigating and reporting on the performance of healthcare vendors. KLAS researchers collect feedback directly from healthcare providers in several different segments. They work with thousands of hospitals to accumulate honest, accurate and impartial rankings of vendor performance in the industry. A Category Leader designation classifies a vendor who delivers excellence with an unwavering passion and has outperformed other vendors in their specific market segment; in Connexall's case, Alarm Management.

“Category Leader is more than a ranking. It is a recognition of vendors committed to delivering superior solutions, said Adam Gale, president of KLAS. It gives voice to thousands of providers who are demanding better performance, usability and interoperability in healthcare technology.”

“We are honored to be recognized by our customers for our commitment to their success.” stated David Tavares, CEO of Globestar Systems/Connexall. “Connexall’s primary focus has always been to create the industry’s best product and broadest possible connectivity while delivering exceptional customer service.”

### **About Connexall**

Connexall, ranked number one and named Category Leader in the 2015/2016, 2017, and 2018 Best in KLAS awards, is an enterprise-grade communication and control platform that delivers hospital-wide interoperability to people, systems, tasks, and devices. Its capabilities act as a backbone for clinical workflow, communicating the right information to the right person, at the right time, on the right device. Based on more than 20 years of R&D efforts, the Class II medical device software is completely vendor-neutral and device-agnostic. Connexall has offices in Canada, the United States, Brazil, Portugal and Hong Kong and works with more than 1100 of the world’s most renowned and progressive hospitals and health systems. For more information please visit [www.connexall.com](http://www.connexall.com).

### **About KLAS**

KLAS is a data-driven company on a mission to improve the world’s healthcare by enabling provider and payer voices to be heard and counted. Working with thousands of healthcare professionals, KLAS collects insights on software, services and medical equipment to deliver reports, trending data and statistical overviews. KLAS data is accurate, honest and impartial. The research directly reflects the voice of healthcare professionals and acts as a catalyst for improving vendor performance.
